

Basic M18 Series

- **Complete series of basic M18 cylindrical metal housings**
- **Extended sensing distances and optical signal strength**
- **Cost-effective, short-barrel sensors in rugged metal housing**
- **Compact length housings for low-profile installations**

Basic M18 Series

Sensing Ranges

Diffuse 200 mm, 500 mm

Retroreflective 4 m

Thru-beam 10 m

Basic M18 Series

- **Trigger sensor for barcode read or vision check**
- **Web break detection with retroreflective mode**
- **Verify load in clear plastic packaging with thru-beam mode**
- **Cap detection**
