

8 mm Diameter

- **100% stainless steel sensing face**
- **Outlasts plastic-face proximity sensors by a factor of 20X**
- **Fully embeddable in steel**
- **Standard and extended range designs**
- **Connectivity options include 2-meter PUR cable and integral or pigtail quick disconnects**
- **Exceptional immunity to oils and greases**
- **Weld-immune models available**

8 mm Diameter

Sensing Ranges

Standard models

NMB1.5-8GM... 1.5 mm

Extended range models

NMB3-8GM... 3 mm

8 mm Diameter

- **Welding automation**
- **In-die sensing**
- **Error proofing**
- **Part presence**
