

ENI58 Incremental

- **BlueBeam Technology**
- **High precision and accuracy**
- **High environmental ratings**
- **Standard product offering to meet specialized applications**
- **Custom versions available**

ENI58 Incremental

	ENI58
Universal Voltage 4.75 to 30 VDC	●
Universal Output RS422 and P-P	●
Linearity error $\pm 0.025^\circ$	●
Interlocking bearings	●
IP67 protection	●
Variety of flange mounting options	●
Metric and English shaft sizes	●
-40 °C temperature rating	●
85 °C temperature rating	●
Radial shaft load 80 N	●
Many connection options	●

ENI58 Incremental

- Machine and plant engineering
- Automotive industry
- Mobile equipment
- Renewable energy
- Material handling
- Packaging industry
- Print and paper industry
- Doors, gates, and elevators
