

Hazardous Locations

Series HA:

- **UL and CSA NRTL certified for all Division 2 environments**

Series HB:

- **UL and CSA NRTL certified for all Division 2 environments**
- **UL and CSA NRTL certified for Class II Division 1 and Class III Division 1 environments**

Analog voltage and current outputs

Hazardous Locations

Sensing Ranges

UC500: 50 mm ... 500 mm

UC2000: 120 mm ... 2 m

UC4000: 240 mm ... 4 m

Hazardous Locations

- **Installation in potentially combustible environments**
- **Level control**
- **Presence/absence of bulk materials**
- **Environments too dusty/dirty for photoelectrics**
