

# Mobile Equipment Surface Mount

- **Compact designs with extended sensing ranges**
- **1200 psi washdown withstandability**
- **-40 °F operational temperatures**
- **High shock and vibration immunity**
- **Exceptional chemical resistance**
- **Immunity to conducted and radiated electrical transients**
- **Compatible with Deutsch and Delphi connectors**

# Mobile Equipment Surface Mount

## Sensing Ranges

**Plastic housing, low profile**

NBB8-F33... 8 mm

**Metal housing, low profile**

NBB8-F148P10... 8 mm

NBB15-F148P10... 15 mm

**Cube (L2M) & limit switch (U\*)**

NBB20-L2M [U\*]... 20 mm

NBN40-L2M [U\*]... 40 mm

# Mobile Equipment Surface Mount

- **“Lifting fork stowed” verification on refuse trucks**
- **Concrete mixer fifth wheel and chute position**
- **Boom and cylinder extension/retraction**
- **Dump bed and door lock home position**
- **Outrigger position**
