

ML17-LL Series

Fiber-Optic Sensors

- **Affordable, compact fiber-optic sensor**
- **Easy 18 mm threaded snout or thru-hole mounting**
- **4-in-1 output reduces inventory**
- **360° highly visible LED window**
- **Enhanced diagnostic LEDs indicate weak signal, short circuit, and overloads**
- **User-friendly ¼ turn fiber lock**

ML17-LL Series

Sensing ranges dependent on fiber optic cable

Diffuse

Thru-beam

ML17-LL Series

- Sensing in space-critical applications
- Use with harsh vibration, high temperature, or corrosive elements in the sensing area
- Small part detection
- Error proofing
