

R103 Series

- **Complete family of photoelectric sensors offered in all sensing modes**
- **Multi Pixel Technology (MPT) provides distance measurement in a standard compact housing**
- **Quasi-measurement versions with MPT offer multiple switch points and operating modes in one sensor**
- **Available PowerBeam LED and DuraBeam laser light sources**
- **IO-Link integrated into every sensor**

R103 Series

Sensing Ranges

R103 Series

- Presence detection
- Height monitoring
- Leading edge detection
- Clear object detection
- Distance measurement
- Positioning
- Gap monitoring
