

R200 Series

- **Complete photoelectric family offered in every sensing mode**
- **Precise and reliable Multi Pixel Technology (MPT) distance measurement with analog output**
- **Quasi-measurement versions with MPT allow user-defined sensing thresholds and windows**
- **Available PowerBeam LED and DuraBeam laser light sources**
- **IO-Link and Smart Sensor Profile in every sensor**

R200 Series

Sensing Ranges

R200 Series

- Presence detection
- Height monitoring
- Leading edge detection
- Clear object detection
- Distance measurement
- Positioning
- Gap Monitoring
