

RL(K)61-LL Series

Fiber-Optic Sensors

- **Universal fiber sensor for glass fiber-optic cables**
- **Integral timers, sensitivity adjustment, light ON/dark ON selection**
- **Cross-talk immune**
- **Highly visible, four-position LED indication**
- **DC or AC/DC, cabled or quick disconnect**

RL(K)61-LL Series

Sensing ranges dependent on fiber optic cable

Diffuse

Thru-beam

RL(K)61-LL Series

- **Reliable part detection in hot environments**
- **Small or slotted object detection**
- **Automotive object positioning**
- **Overhead conveyors**
