

Encoder and Cable Pull

- Incremental and absolute encoder options
- Wide range of mounting options
- Used for position, direction, and velocity
- Linear measurement
- Modular design to meet the needs of your application

An example model is:

ECA10TL-03BNP-I42C1:NN

ECN10TL-03BNP-X3:NN

ENA36IL-S065A5-0413IP4-RC1

Encoder and Cable Pull

Encoder and Cable Pull Series		Cable Pull Only Series
Incremental	Absolute	
ECI10	ECA10	ECN10
ECI20	ECA20	ECN20
ECI30	ECA30	ECN30
	ECA40	ECN40

ECN10TL - Extremely compact design for simple applications	ECN20IL - Compact solution for industrial applications	ECN30PL - High flexibility for demanding requirements	ECN40HD - Extremely robust for harsh environments
			

Encoder and Cable Pull

- **Mobile equipment**
- **Scissor lifts**
- **Entertainment lighting**
- **Material handling**
- **Elevators and lift systems**
