

Safety Accessories

- **Simplifies safety wiring**
- **Safe input modules**
 - Connect any dry-contact safety device
 - Dedicated model for electronic safe devices
 - Integrated non-safe output
- **Safe output modules**
 - Controls contactors in the field
 - Integrated EDM feedback input

Safety Accessories

- **Up to IP68/69K**
- **Performance Level e (PL e)**
- **Industrial temperature range -25 °C to +85 °C**
- **Up to 1.5 A output current**
- **Overload and short-circuit protected**
- **4 A safe output switching current**
