

Series 31

- **AC/DC models offer an integral SPDT relay**
- **Models with IO-Link provide advanced sensor configuration**
- **4-in-1 outputs for use as a simple, discrete output sensor**
- **Color-coded labels easily identify sensing mode**
- **Two to three times the sensing distances of comparable sensor housings**

Series 31

Sensing Ranges

Series 31

- **Cost-effective presence detection**
- **Count products for palletizing**
- **Entryway monitoring**
- **Monitor material overhang**
- **Gate position indication**
