

# VDM100 Laser Measurement

- **Noncontact distance measurement**
- **Precise and reliable time-of-flight measurement**
- **High accuracy**
- **Fast response time**
- **Eye-safe, Class 1 measuring laser**
- **Modern, robust, lightweight housing**
- **Simple pushbutton teach**
- **Optimal price/performance ratio**

# VDM100 Laser Measurement

Multiple fieldbus interface options

# VDM100 Laser Measurement

## Sensing Ranges

Retroreflective 50 m

Retroreflective 150 m

Retroreflective 300 m

# VDM100 Laser Measurement

- **Precise positioning of rack feeders**
- **Fast and accurate positioning of moving carriages**
- **Positioning of gantry cranes and hoisting equipment**
