

Weld Immune

PILE DRIVER

- **Black Armor™ coating repels hot weld slag**
- **Immune to interference from AC and DC welding fields**
- **Durability identical to standard Pile Driver**
- **100% stainless steel construction
(machined from single-piece stock)**
- **Standard and extended range models**
- **2-wire DC, 3-wire DC, and AC/DC designs**

Black Armor is the trademark of Pepperl+Fuchs, Inc.

Weld Immune

Sensing Ranges

8 mm diameter models

NMB1.5-8... 1.5 mm

NMB3-8GM... 3 mm

12 mm diameter models

NMB2-12... 2 mm

NMB5-12... 5 mm

18 mm diameter models

NMB5-12... 5 mm

NMB10-12... 10 mm

30 mm diameter models

NMB8-30... 8 mm

Weld Immune

- **Weld areas where traditional sensors provide a shorter-than-required life span**
- **Part presence**
- **Error proofing**
